

Features:	Specifications:
● Discrete high current output devices.	● Power output @ 4 Ohms, 0.1% THD 300W
● Low pass frequency adjustable.	● Power output @ 4 Ohms, 10% THD 360W
● Woofer level control.	● THD 0.08%
● Phase invert switch control.	● S/N ratio @ rated power 80dB
● Low pass on/off control.	● Input sensitivity
● Master power switch with Auto on control.	@ low level 65 mv/100Hz
● Provide high level and low level in/out.	@ high level 2 v/100Hz
● Binding post high level in/out terminal.	● Input impedance 22 kΩ
● Output protection circuit with relay.	● Variable low pass freq. 50~100 Hz
● IEC power receptacle.	● Dimension (WxHxD) 254x254x150 mm
● LED power indicator.	● Weight 6.75 kg
● AC 115V/230V switchable.
